

TEST CERTIFICATE

The filters Electa & Bobinados Series are manufactured in ATECPPOOL ESPAÑA under the quality rules EN ISO 9001:2008

The Filters are manufactured with unsaturated polyester resin,
Filter shell made of FR Polyster and reinforced by fiberglass
100% resistant to corrosion in all extreme conditions.

The filters have been designed according to the requirements of NSF/ANSI 50

The maximum admissible pressure of this filters are 2,5 Kg./cm² and the filters pass a final test at the end of the process. All the materials and components used in the filter are completely verified, and an exhaustive sealing test and resistance: each filter is tested 10 minutes at impulse pressure 0-2,5 Kg./cm².

For ATECPPOOL
